

Copy of Circular Lr.No.5512/A14/U2/89, dt.2.6.89 from the Chairman & Managing Director, TWAD Board, Madras.5 addressed to the Chief Engineer, TWAD Board, (copy marked to this office).

Sub: TWAD Board - Sewerage schemes - Handing over to local bodies - Certain instructions - Issued - Reg.

On completion of sewerage schemes executed by TWAD Board and before handing over of the schemes to local bodies, the following instructions are to be strictly observed by the field officers.

Flow test for the entire reach in the sewerage system should be conducted only in the presence of Municipal Authorities, especially Municipal Engineer. For having witnessed the flow test, entries in the Test Register of the Scheme should be posted and signature should be obtained from the Municipal Authorities, particularly by the highest Engineering Personnel of the local body and if possible by the executive authority of the local body. This register should be maintained for each scheme and kept as a record for reference while handing over the completed scheme.

Also in general, co-ordination with Municipal authorities should improve. It is desirable to associate them even when testing a particular reach or block. Periodical progress reports should be given to them on the stage of the work, and mutual meetings at periodical intervals to exchange information and discuss problems should be organised.

The receipt of this circular may be acknowledged.

Sd/ S.A.Subramani,  
Chairman and Managing Director.
