ORDER:

During the course of detailed enquiry by the appropriate authority of the Government, into certain allegations against a Municipal Officer, it has been brought to the notice of the Government, that auctions for leasing of different Municipal markets were clubbed into a single auction, in deviation of the existing practices, thereby causing a huge loss of revenue to the Municipality concerned. Even though the enquiry did not disclose any ulterior motive behind the clubbing of the auction for several markets into a single auction, separate auctions for each one of the markets could have fetched a higher lease amount to the Municipality.

2. The Government after careful consideration, issued orders in the Government order read above to the Director of Municipal Administration, Commissioner of all Municipalities and the Executive Officers of all Municipal Township to conduct separate auctions for each one of the different markets, shandies of Municipality/Municipal Township in future with a view to augment revenue.

3. The appropriate authority of the Government has now requested the Government to issue similar instructions in respect of the markets in the Corporation of Madras, Madurai and Coimbatore.

4. Accordingly, the Government, after careful consideration, direct that separate auctions be conducted for each one of the different markets/Shandies in the Corporations of Madras, Madurai and Coimbatore with a view to augment revenue.

5. The receipt of this Government order may be acknowledged.
