ORDER:

In G.O.No.531, Health dated 11th February, 1959, the Government ordered the publication of a draft of certain amendments to Rule 5 of the Revised Building Rules, 1942 for general information and criticism.

2. The Melapalayam Municipal Council has, in its resolution No.586 dated 23rd March, 1959 has objected to the proposed amendment and has requested the Government to drop it. The Government have considered the objection and do not accept the suggestion.

3. The Director of Town Planning has suggested on reconsideration that it would be enough if a distance of 50 yards is fixed for places where burial alone is allowed and 100 yards for places where burning or both burial and burning are permitted. The Government accept the suggestion. The draft amendment is confirmed with this modification.

4. The appended notification will be published in the Fort St. George Gazette.
